SHREDDERS

PERSONAL SHREDDERS
GBC PS06-02 & GBC PX10-06

Keep personal information personal with these shredders. Destroy mail and private documents. Compact and designed in several styles, personal shredders fit wherever your work happens.

KEY FEATURES: GBC PX10-06

- Micro-Cut, security level P-4
- Shreds up to 10 sheets
- 6 Gallon Bin
- Modern interface with user friendly touch controls. Front facing shredder is optimal for placement beside the desk.
- Whisper Shred Technology ensures a quieter shredding experience, operating below 62 Dba
- Front facing shredder is optimal for placement beside the desk. Auto reverse jam prevention function.
- Recessed blades prevent user injury

Note: Options for other models available

MEDIUM OFFICE
GBC SX20-08 & GBC X26-32

These shredders are ideal for use in a department or mid-size office and are powerful enough to keep up with frequent shredding needs. Keep personal and sensitive information safe. These GBC Paper Shredders has an impressive run time and high-tech anti-jam features, making it the perfect choice for the modern office.

KEY FEATURES: GBC X26-32

- Super crosscut, security level P-4
- Shreds up to 26 sheets
- 31.7-gallon pullout waste bin with bin-full indicator
- Intelligent SelfOil™ feature extends cutter life
- Non-stop Jam Free™ red and green LED lights
- Intelligent Power Save™ conserves energy
- Shreds DVDs, CDs, credit cards, paper clips, and staples

Note: Options for other models available

LARGE OFFICE/INDUSTRIAL

GBC STACK-AND-SHRED 750X

Stack-and-Shred shredder with SmarTech revolutionizes office shredding. This auto feed shredder sends real-time status updates straight to your phone or tablet, freeing you up to do other tasks while the 750X does the work. With the easy-to-use SmarTech Shredder app, you'll be able to keep track of shredding with notifications if the shredding job is interrupted for any reason, and when shredding is completed.

KEY FEATURES: GBC STACK-AND-SHRED 750X

- SmarTech functionality sends real-time shredding status updates to your phone via the Smartech Shredder App. Notifications include "Shredding", "Paper Jam", "Job Complete" and more.

- Administrators can manage multiple shredders at once. Real time status updates indicate if shredders are jammed, bins are full, or oil is low. The app also allows for quick reordering of supplies to simplify maintenance.

- Super cross-cut shred style has added security (Level P-4) for sensitive documents. PIN protected lockable paper chamber keeps documents secure while jobs are in progress.

- Shreds up to 750 sheets with automatic shredding and up to 12 sheets at a time during manual feed shredding

- Features a large, 31-gallon pull-out waste bin with bin full indicator and attached wheels for easy mobility

- Ultra quiet (≤60dB) shredder runs consecutively for 30 minutes on with 30 minutes off to ensure motor's longevity

Note: Options for other models available

CURRENCY COUNTERS

COMMERCIAL BILL COUNTER
AB1100PLUS / AB1100PLUS UV

Stylish and compact, the new AB1100 accurately counts currency, reducing labor time and losses due to human error while providing you with the peace of mind and time to take care of other important aspects of your business. The unit is equipped with a micro-computerized mechanism that allows an accurate and high-speed money counting process -up to 1,200 bills per minute-, addition and batching capabilities. Additionally, this unit is equipped with a counterfeit detection system that checks banknote authenticity using UV verification while the unit counts. For your safety and convenience, this AccuBANKER unit is also the first to include our patented "emergency stop" feature, which, when activated, stops all operations.

KEY FEATURES: ACCUBANKER AB1100PLUS UV

- Saves time and labor costs
- Reduces losses due to human error
- Anyone can use it
- High speed - 1200 bills/minute
- Micro-computerized for accuracy and batching
- "Emergency Stop" feature
- Integrated UV counterfeit detection systems
- Available in 110 Volt and 220 Volt versions.
- Counting dust cover included
- Reliable and sturdy

Note: Options for other models available

BANK GRADE BILL COUNTER
ACCUBANKER AB5200 / AB5800

The AB5800 is a bank grade multi-currency bill counter suitable for counting both paper and polymer bills of various currencies. This unit's special feature allows the user to obtain the total value of a batch for a selected denomination and the grand total value of all the batches counted. The user can then keep track of these values on the unit's LCD display or through detailed printed reports. The AB5800 includes a variety of optional counterfeit detection features such as ultraviolet detection, magnetic ink detection, double bill detection, and size verification. Its heavy-duty construction and 1800 bill per minute counting speed make it ideal for fast-paced, high-volume businesses. This machine also notifies its user with visual and audible alerts whenever double bill, suspicious bill size, and chained bills are detected.

KEY FEATURES: ACCUBANKER AB5800

- Integrated batch total value calculator
- Underwriter Laboratories (UL) Certified
- Emergency Stop Function
- LCD Screen
- Suitable for paper and polymer bills (multi-currency)
- Printing capabilities
- Detailed counting reports
- Saves time and labor costs
- View counts from multiple positions with external display
- Variable counting speeds (1200-1500-1800 bills/minute)
- Integrated counterfeit detection systems (MG / UV)
- Audible and visual alerts

Note: Options for other models available

MIXED BILL VALUE COUNTER
ACCUBANKER AB7100 / AB7500

The AB7500 Dual Pocket Mixed Bill Counter with Counterfeit Detection is the perfect solution for a fast, accurate, and reliable banknote counting process that can fit any business's needs. The AB7500 is a multi-currency bill counter that provides detailed digital and printer reports of each count. This machine quickly and accurately counts bills, allowing for mixed denomination counting and final count results that show the total value as well as the number of bills involved in each count.

KEY FEATURES: ACCUBANKER AB7500

- Reliable, Fast, Versatile and easy operation
- Suitable to count bills of mixed denomination to obtain a grand sum total
- Unique rejection pocket allows for NON-STOP counts
- FOUR count modes: **MIX, SORT, COUNT, and ORIENTATION**
- Shows TOTAL and PARTIAL results
- Counts large volumes
- Counterfeit Detection: **DD, UV, MG, IR, and MT.**
- Digital and printed reports
- Easy software update procedure when new bills are launched
- USB and Printer interface connection
- Variable counting speeds (800-1000-1200 bills/minute)
- Currency currently available for MIX mode: USD, EUR
Note: Options for other models available
